Project Abstract

In our project area a number of Orphan, Semi Orphan and Street Children are found. The problem of orphan / street children is acute due to urbanization and industrialization. Due to the deaths of HIV/AIDS affected persons, Re-marriage of deserted / widowed / divorce women, absence of love and security in the families, Family disputes, Unwanted pregnancy of Trafficking / Sexually exploited girls; these orphan and street children are left without care and support. These children are involved in rag picking; pick pocketing and participating in anti social, criminal activities. Therefore, we envisage mainstreaming these children in the national building by providing care, support and protection in our ORPHAN CHILDREN HOME.

The Project – An Overview:

In spite of planned development and special provision for accelerated socio-economic development of neglected/disadvantaged sections, the issue of orphan, semi orphan and street children is not properly addressed. In our project area many Orphan, Semi Orphan and Street Children are found.

Due to the Deaths of HIV/AIDS affected persons, Re-marriage of Deserted / Widowed / Divorce women, Absence of love and security in the families, Family disputes, Unwanted pregnancy of Trafficking / Sexually exploited girls; these orphan and street children are left without care and support.

These children are involved in rag picking; pick pocketing and participating in anti social, criminal activities. Therefore, we envisage mainstreaming these children in the national building by providing care, support and protection in our ORPHAN CHILDREN HOME.

incoming orphan / semi orphan / street child problems/difficulties. We counsel and arrange for Emotional acceptance of the orphan / semi orphan / street child.

We provide Lodging and boarding facilities for all inmates at a rented building in Bundibugyo Town. We arranged teaching facilities in nearby schools according to their age. We also provide home tuitions, recreation and health care.

We have been running the Orphanage with local donations and contributions only. We have been mobilizing both cash and kind. We have limited resources to take care of about 250 orphan / semi orphan / street children. But, day by day the number of children is increasing due to various reasons.

We need additional support from the donors and philanthropists to meet the needs of increasing orphan / semi orphan / street children in our center. We seek support for about 3 years. Meanwhile, we will continue to mobilize continuous local donations through exhibiting our good work and service.

We are planning to build a permanent home by acquiring land from the donors and philanthropists. This home will have one Caretaker who besides handling day-to-day administration and will look after the hostel as warden. Three Teachers, One vocational instructor, One cook, One attendant, One Watchman will be provided for the home. A doctor will be appointed as Center Medical Attendant on honorarium and all the inmates will be provided with health check-up, medicines, food, cosmetics, one set of books and two sets of uniform every year.
